FOUR ELEMENTS ENVIRONMENTAL CAMP 2015

Dear Applicant,

Four Elements Conservation NPC invites learners between the ages of 12 and 18 to apply for the opportunity of a lifetime!

My environmental journey started at 11 when I was in the senior primary (I am now 18 and in matric) and I want to encourage other young people to stand up for what they are passionate about and how to do this.

Four Elements Conservation Scholarship

The objective of the Four Elements Environmental Scholarship 2015 is to create young, green, and capable social entrepreneurs. The scholarship is for young learners (grades 6 to 12) to attend a camp on the Zululand coast during the school holidays in December 2015 (final dates and venue to be confirmed). The camp will be specially designed by Four Elements Conservation to teach young people how to be environmental entrepreneurs while engaging with our environment. Four Elements will be covering all the costs of the camp for successful applicants who have a passion for the environment and have a belief in the future of South Africa.

The successful applicants will learn how to convert their passion for conserving the environment into real change. This will include how to navigate the business of conservation, social media, and translating ideas into action plans while walking with rhinos and swimming with sharks. Through this process, the learners will deepen their understanding of the interconnectedness and wonder of our biological world and give them the confidence and tools to preserve it.

There will be a minimum of 6 scholarships, not exceeding 15. The number of scholarships granted will depend on the final sum of funds raised. We are seeking a 'rainbow nation' diversity of participants with a mix from both underprivileged and more privileged backgrounds. The applicants will be selected based on their passion and commitment to better the environment.

A video of the camp will be made to publicise the event and to celebrate the applicants.

For more information, see www.fourelementsconservation.org.

Best wishes

Olivia
